

# Now You're the Inventor!

## Make "The Racer"

Sponsored by  DELTA

# 1

Fold paper in half lengthwise.

# 2

Fold top corner down to line up with the center fold line.

# 3

Flip over and repeat on opposite side.

# 4

Fold tip edge away from the center line, forming a triangle. Crease at the top of the fold only. This makes a mark for Step 6.

# 5

Open sheet.

# 6

Fold top corner down across center line to the fold mark you made in Step 4, then open it up again.

FLIP FOR NEXT STEP

**7**

Repeat Step 6 on opposite side.

**8**

Fold corner from Step 6 back down, and fold the corner from Step 7 over it.

**9**

Wrap extra paper to other side.

**10**

Fold tip down to the V where the edges meet the center lines.

**11**

Flip plane over and fold in half along original center line (from Step 1).

**12**

Fold top outside corner down to center line, forming a small triangle. Line up edges.

**13**

Repeat on opposite side.

**14**

Fold wing down so that the wing tip extends below the center line. Repeat on opposite side.

**15**

Adjust wings and FLY!
